Dear Mr. Lilihamn:

I enjoyed your story very much, it was the first time i heard a survivors story. I'm probably going to read your book, looking for your wife must have been deseperation for you, but when you found her it must have been the best day of your life. I personally think I would die in one of the concentration camp. Thanks a lot for your heart breaking stories, I hope you come next year and many years later as well.

Your Friend,
Marcel Zequeira
