

Mr. Lilienheim

I really liked ~~a~~ it when you talked about how things were during the Holocaust. I also liked when you told us about your family and your wife of how about you found her in the war, but I guess you really love her. How long did it take to forget about the Holocaust? How was your book related to ~~of~~ the Holocaust. In how many ways did your ~~the~~ life be reflected by the holocaust. Even though I'm not Jewish I feel the pain that you felt in the Holocaust, and I can picture it how it was.

Sincerely, Vanessa Moreno
