

**Dear Mr. Lilienheim,**

**Thank you very much for coming to talk to us. Your stories were amazing. I had no idea what life was like in the camps. Now I know. I would like to read your book. It must be very interesting. You have made the Holocaust become a real event for me. Before it was just a lesson taught in social studies. Now it is a 3-D event that involved actual people. Thank you again and I will never forget what you said today.**

**Sincerely,**
