Dear Mr. Lilienheim,

Thank you very much. I liked your story very much. I was glad to see that you can still tell the story after all these years. I have seen the video that your daughter made. It is very good. I didn't see all the horrible things as they really were in the camps until then. I also liked the caption from your book that Mrs. Levi read. That was a very wise choice you made. I hope it ends up like that for the rest of your life. Thank you again.

Sincerely,

Jimmy Conway
