Dear Irene and Abbey,

Thank you for your recent update and the attached newspaper clippings related to Dark Lullabies.

We are very pleased with the enthusiastic response to the film and the acknowledgement, at all levels, of your abundant artistic talent and creativity. We experienced a sincere sense of pride and pleasure to learn that you had garnered three of the top prizes at the Mannheim Film Festival. It is our hope that you will be successful in bringing the film to as many audiences as possible - it should be seen by everyone.

We are looking forward to receiving the video cassette you mention to allow us to view it with family and friends who have not as yet had the opportunity.

From the very start several years ago, you openly shared your progress with us and we found this to be a most refreshing and honest approach. It made us feel a part of your project and we had every confidence in your ability to see it to completion.

We congratulate you and wish you great success and satisfaction in all of your future endeavours.

Sincerely,

Edward M. Bronfman

Sheila Zittler (Mrs.)
