Dear Irene Lillenheim Angelico:

I address you by your maiden name because, upon viewing your film, it is apparent that your parent's lives have very deeply become a part of your own. I would like to show them honor by observing the name Lillenheim -- as you do so movingly in "Dark Lullabies"

Thank you for giving me a chance to see this beautifully developed film. I am very glad that you have such a ~~broad distribution already and feel~~ certain that with PBS, and your French, Canadian, Polish and other broadcasts you will pick up further distribution.

I send you my kind regards and appreciation. Good luck with the film.

Yours in peace,

*Lio Ullmann*
