

July 16-04

Dear Mr. and Mrs. Sorokin and Raus

First I want to thank you very much for participating in this so very important movie for us all.

Your contribution, along with the contribution of the Budniks, Brad and Rob and everyone at Wilpower, will help all those with mental illness and their families.

I think that this is a great film made with exceptional understanding and compassion, capturing the ups and downs of mental illness and its impact on the families.

I believe that experiencing these ups and downs of Raudy, Brad and Rob will enlighten and sensitize everyone who will see this movie, and make a big difference in

dissipating the stigma of mental illness.

I am very grateful to my daughter and Abbey for making this great movie and putting all their heart and soul in it

Their great effort will also make a big difference in supporting and understanding of Willpower and help in <sup>with</sup> the creation of other support services for people with mental illness and their families

Your contribution and Raudy's speaks for all our experiences <sup>and</sup> will reach, through these so important movie, ~~an~~ many more people than and of us individually could ever hope to reach

Thank you!

Lydia Liliukenin
